
LIEBHERR TRIO-72

HW8000

The fully integrated multi-temperature wine cabinet is sure to compliment any kitchen, bar, or living room design. The temperature in each of the two sophisticated temperature zones can be set between 41°F and 68°F, ensuring optimal storage conditions for storing reds, whites, and champagnes. The HW 8000 provides storage flexibility for up to 80 Bordeaux bottles thanks to its beech wood shelving and ten storage areas at varying heights, ideal for grouping different bottle types and sizes. A flexible clip-on labelling system ensures a clear overview of your wine collection. There is a high-quality presentation shelf where you can display your wine.

HRB1120

This Liebherr 24" refrigerator with 10.8 cubic feet of capacity comes with Liebherr's BioFresh technology, which keeps food fresh up to three times longer than traditional refrigerators. This refrigerator has the ability to be completely hidden behind cabinetry. This unit is perfect for the custom kitchen. It can be used on its own or in a side-by-side configuration with the full freezer unit.

HF861

This model is a 24" fully integrated freezer with ice maker that is a perfect match for any kitchen. Hidden away behind custom cabinetry, enjoy features such as VarioSpace, ice maker and efficient LED-lighting.

The HF861 houses transparent drawers on telescopic rails with safety glass shelf dividers which organize frozen foods. It has FrostSafe technology to continuously circulate air around the drawers. It incorporates SoftSystem door technology and streamlined Liebherr space design.
