### Who is Covered?

This product warranty is transferable by the original owner to a subsequent owner. The only requirement is that the system must remain at the site of original installation.

### Extension of Warranty to a Subsequent Installation

The ORIGINAL OWNER may move the system to another location. The influent water quality at the subsequent location MUST, however, be within your system's operating specifications. Please contact a local authorized Kinetico dealer prior to installation at another location.

### Limits on this Warranty

Your system must be sold to you and serviced by an authorized Kinetico dealer in order to receive coverage under this warranty.

Additionally, this warranty **does not** cover products installed for any application other than single family dwellings. The design of the overall treatment system and the performance of your system is related to the chemistry of the water being treated; therefore, your system must only be maintained with parts manufactured or distributed by Kinetico, including replacement products and parts. **Otherwise, this limited warranty is void.**

This warranty **does not** include damage to your system due to abuse, misuse, neglect, freezing, alterations, misapplication or a change in the influent water characteristics.

Influent water conditions must not exceed the following operating specifications:

#### For Water Conditioning Equipment

- Pressure: 80 psi for Aerator, 125 psi for all other water conditioning equipment
- Min./Max. Operating Temperature: 35°F-120°F (2°C-48°C)

#### For Residential Drinking Water Filters and K5 Drinking Water Stations

- 0.1 ppm iron, 10 gpg hardness, 3000 ppm TDS+
- pH range: 3-11
- Min./Max. Operating Temperature: 35°F-100°F (2°C-38°C)
- Min./Max. Operating Pressure: (35-120 psi)++  
+ For TDS levels above 1500, pressures should be >50 psi.  
++ nitrate reduction: (40-120 psi)

Warranty on the reverse osmosis membrane does not include damage caused by the failure of non-Kinetico equipment to remove iron or hardness minerals.

Periodic replacement of filter cartridges and certain filter media (such as carbon, birm, calcite, Filter-Ag, UltraSorb™ or Sulfaban™) is part of the normal maintenance required by your system. These replacements and media loss due to natural attrition are not covered.

Additional operating parameters may apply and are listed in your system owner's manual and/or installation instructions. Your equipment must be installed and operated in accordance with Kinetico's recommendations, and applicable state and local codes for warranty to apply.

### Registration and Service

To place your system under warranty, your authorized Kinetico dealer must register your equipment with Kinetico Incorporated within 30 days of the installation date. For service under this warranty, contact your authorized Kinetico dealer. Retain your receipt along with this warranty for reference if service is necessary.

### No Other Warranties

THERE IS NO OTHER EXPRESS WARRANTY. IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE DURATION OF THIS WRITTEN WARRANTY AND ARE EXCLUDED TO THE EXTENT PERMITTED BY LAW. THERE ARE NO WARRANTIES OTHER THAN THOSE CONTAINED HEREIN. IN NO EVENT SHALL KINETICO BE LIABLE FOR INDIRECT, SPECIAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH THE USE OR THE LOSS OF USE OF THIS SYSTEM.

### How State Law Relates to the Warranty

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damage, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

### Modification of the Warranty

Kinetico does not authorize any other person to assume for Kinetico any other liability in connection with this product. The dealer has no authority to make any representations on behalf of Kinetico or to modify the terms of Kinetico's warranty in any way.
