

WILLOW OUTDOOR

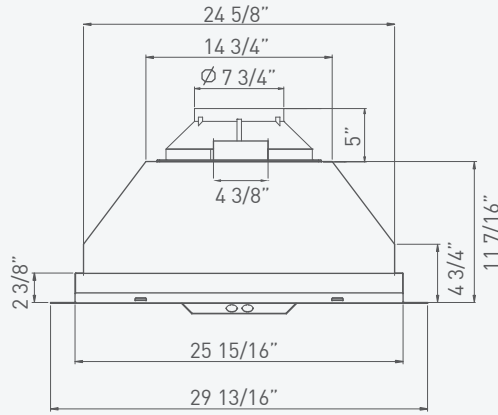

You may never cook inside again with this 1000-CFM pro-style outdoor power pack that won't give in to the elements or to the heat of outdoor gas grills. Select either 304-grade corrosion-resistant stainless steel or classic steel with powder-coat protection. High-performance stainless steel baffle filters enhance airflow and are also corrosion resistant and dishwasher safe. Two-speed, marine-grade rocker controls withstand extreme heat and moisture. Optional, easy-to-install liners are available in 36", 42", 48", 54" and 60" widths.
